

## Rockwell Parts

Rockwell Part - AxleTech International is a premier provider in the world of specialty vehicle drive-train systems and parts together with off highway vehicles. The company prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for quality, service, technology and delivery. They believe in working in an environment that encourages the highest integrity with empowered teamwork, together with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great importance on being an environmentally conscious business and offering a safe environment for their employees to work in. Furthermore, they have applied various programs in the company so as to help articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever questions or comments, as they are glad to promote and share this policy with a greater understanding of their efforts. They are very committed to improving and preserving the surroundings. AxleTech has an EHS program that not only protects the natural world but which also actively protects their employees and neighbors as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles meant for both military and commercial applications. These applications vary from airport ground support to construction equipment. AxleTech specially designs axles to meet specific application demands. They have more than one thousand various axle specs within their present offering. With over one hundred years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in various military and commercial applications. They provide complete axle assemblies for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that could be seen in the "ISAS" product selection.
