

Forklift Spreader Bars

Forklift Spreader Bar - ELME has been proudly operating since the year 1974, becoming the biggest independent spreader manufacturer all-around the globe. They are a dedicated producer of spreaders meant for a lot of various applications like for instance the handling of containers, swap bodies and trailers.

ELME currently employs over a hundred and twenty five staff with all engineering is done in-house by making use of all of the newest FEM tools and CAD systems. Their spreaders are supplied to reach quayside, ship-to-shore cranes, stackers, straddle carriers, lift trucks and gantry across the world.

The product series of ELME include a lot of spreaders for different trailer and container handling operations. Several of their inventory consist of: Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift trucks plus a huge array of attachments.

ELME manufacturing and production is done in a highly automated purpose built factory. In 2008, they made over one thousand one hundred fifty spreaders by making use of high quality parts to be able to ensure dependability and excellent standards while offering reasonable prices. Major characteristics of ELME consist of design simplicity, market feedback and innovative modular spreader concept.
