Advance-Nilfisk Parts - Imagine how tedious it would really be to tidy up your very own house after having a large party, with no aid from cleaning equipment. Before, the time upholstery and carpets had the dirt beat out of them by hand; cleaning cloths, brushes and brooms were the leading cleaning materials during that time.

The man who founded Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who liked to work on electrical motors. After founding his business in 1906, he began to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the start was to own an international business advertising merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that could be operated by one person because it just weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were huge and required at least 4 operators, therefore, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an existing crisis; things get filthy and need to be cleaned frequently, without too much effort.

Slowly but progressively, Nilfisk-Advance developed throughout the years. In the 1980s, this expansion really took place the time the company became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the trade, aspiring to be amongst the biggest global players in the market of professional cleaning machines. Nilfisk-Advance is currently found in every part of the world by steadily acquiring numerous smaller companies in order to develop their product selection and presence in new markets. They are really proud to provide a range of cleaning solutions to fit each requirement.
